1.0 General Information on Underwriting Procedure

1.1 Agent

Q1 Can an agent submit a case before the effective date of his license?

No, an Agent's contracted date should not be later than the new business application date. Please submit a new set of forms, including the application form, customer fact find form, confirmation of advice form and product illustration dated after the agent contracted date.

Q2 Is joint-case allowed?

Yes, joint-case is allowed up to two (2) agents per application. Please indicate the percentage of share on each agent of the joint production.

Reference

Refer to agency circular 123/2021 – Guidelines on Joint Sales Submission by Agents (23 August 2021)

Q3 Can a customer change the servicing agent during new business stage?

Yes, change servicing agent is allowed with the consent from the servicing agent by providing the Amendment to Application Form to transfer agent. The form needs to be signed by both the new and original agent, also needs to be countersigned by the superior.

Q4 If the agent is applying for his own insurance, who can be the servicing agent?

For the agent's own application, the servicing agent must be the agent's self or spouse, who is also an active Manulife agent.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

1.2 Application

Q5 Can an application form sign outside of Malaysia?

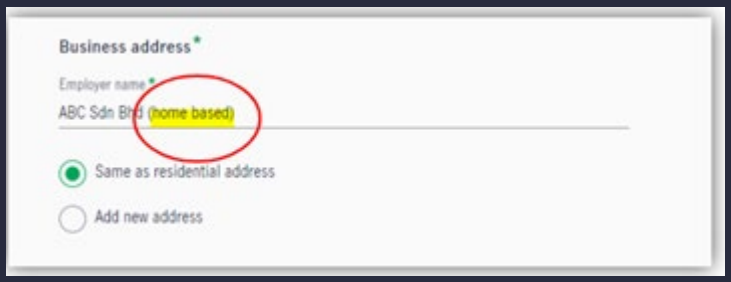

No, an application form must be signed and dated in Malaysia.

Q6 Is the foreign address acceptable as correspondence or mailing address?

No, at new business stage, customers are required to provide Malaysian address as correspondence or mailing address.

Q7 What is a business address and is it compulsory?

A business address refers to the company registered address or to the office address that you are working at. Yes, business address is compulsory. If customer is currently working at the same address as his/her own residential address, customer may add "home based" in the Employer Name column.

Q8 Why customers' email address and contact number are mandatory?

Customers contact details are important in ensuring future policy information are delivered to the Policy Owners timely. Agent is to ensure only the customer's personal email and contact details are filled up in the application form. Updating using the agent's contact details is strictly prohibited.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Reference

Refer to agency circular 085/2021 – Customer Contact Details (2 June 2021)

Reminder

Customer's mobile number and email address provided will be updated as the primary contact for all policies with Manulife.

Q9 Where can I obtain printed application forms and are they still acceptable?

Effective 1st January 2022, submissions of new businesses for all products and riders are now paperless submission via ePOS, unless as informed otherwise for newly launched products. As we move towards digital transformation, there will be no distribution of printed application forms.

Reference

Refer to agency circular 018/2022 – Going Paperless in 2022 (3 Jan 2022)

Q10 When is the agency manager required to countersign the application form?

The agency managers are required to countersign application forms when:

- The relationship of the policy owner and insured to agent is self, parents, spouse, children, or siblings.
- The agent is the appointed nominees and/or trustee in the policy

Reminder:

Please be reminded to choose the correct relationship of customer and servicing agent during ePOS application form submission. This is to ensure that the application will be routed to the Agency Manager for countersigning.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q11 If the agent is the owner of his/her own policy, who can be the witness to sign the forms?

For application form, the form must be witnessed/countersigned by the agent's Unit Manager or Agency Manager.

Other than application form, any individual can sign as witness on the forms except for agent him/herself.

1.3 Customer Fact Find Form

Q12 What is the objective of the Customer Fact Find (CFF) form?

Customer Fact Find form assists agent in providing proper advice and ethical selling of life insurance products to the customers after knowing the financial situation of the client.

Q56 What is Policy Date?

Policy Date is a premium due date. It usually follows the Policy Issue Date unless backdating is required. The policy date will be 28th for applications issued on 29th, 30th, and 31st.

Q57 What is the maximum allowable backdating duration for Ordinary Life products?

Policy backdating is allowed not more than 6 months before the date of the application's approval. The Proposed Life Insured must sign such request, either on the application form or an Amendment to Application Form and provides product illustration with the back-dated age.

Reminder

No policy can be backdated to make an individual to be eligible for a plan or benefit, prior to the product launch date. The medical requirements due to sum assured will based on current age.

Q58 Is backdating allowed for Universal Life products?

No.

Q59 Is backdating allowed for investment-linked policies?

Yes, backdating is allowed, subject to the following terms and conditions:

1. Backdating is within 6 months and after product launch date; and
2. Insured has exceeded maximum entry age of the plan during time of application or upon issuance of LO; and
3. Premiums must be paid to-date, i.e. from backdate date to current; and

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

4. Premiums will be allocated to buy units based on current Fund Price
5. Administration Charges and Insurance Charges due for the backdated months will also be charged to-date in one-go.

1.10 Nomination

Q60 Who can make a nomination?

Only the Policy Owner can make a nomination. This is only applicable for first-party insurance whereby the Policy Owner and Insured is the same person.

Example:

1) Nana is purchasing insurance for her son Ali. Nana is the policy owner and Ali is the proposed insured. Nomination is not allowed as this is a third-party policy.

2) Nana is purchasing insurance for herself. She is both the policy owner and proposed insured. Nomination is allowed as this is a first party policy.

Reference

Please refer to Insurance Library | Services | Manulife Malaysia under section
Nomination on the importance of nomination.

Q61 Is nomination mandatory at the New Business application stage?

No, a nomination is not mandatory. However, customers are strongly encouraged to make a nomination in their life insurance policy to ensure that their loved ones are protected financially should anything occur.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Reminder

As the Servicing Agent you should advise your customers on the importance of having a nominee. The customers must also review their insurance policy nomination and ensure their nominee(s) are still valid (alive) or when there is a change in the life stages, e.g. change of marital status, the addition of family members, etc

Q62 Proposed Life Insured has attained 16 years old (age next 17) and be the Policy Owner himself/herself for the traditional policy, can he/she appoint nominee(s) or trustee(s)?

Yes.

Q63 Who can be nominated as nominee(s)?

The Policy Owner can nominate any person as a nominee. Ideally the Policy Owner to choose a responsible person in whom he/she has absolute trust in fulfilling the requirements of the family in his/her absence.

Reminder

An organization is not allowed to be appointed as a nominee.

Q64 What is the impact if there is no nomination at the claims stage?

If the nomination details are not provided in the insurance policy, the Company is not obligated to release the policy monies until their loved ones obtain one of the followings:

a. Grant of Probate; or
b. Letter of Administration; or
c. Distribution Order from the Court

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Obtaining the above documentation may take several months/years for processing. However, if a nomination is made, the policy money can be disbursed according to the named nominees.

Reminder

Customers are strongly encouraged to put up the nomination at the new business stage to avoid delaying in claims payment in the unfortunate event.

Q65 Can customers nominate more than one person?

Yes. The customer must state the specific share in percentage to be paid to each of the nominees. If the customer does not do so, the proceeds from his/her policy will be equally divided among all nominees. This applies to non-Muslim policyholders only. For Muslim policyholders, nominations can be made, and policy proceeds will be paid accordingly. However, the nominees will have to distribute the proceeds according to Shariah Law.

Q66 Why does the customer need to appoint a trustee?

If the customer is a non-Muslim and has named either his/her spouse, child, or his/her parent(s) as nominees, the customer is advised to name a Trustee. The trustee's role is to manage and divide the money accordingly.

Q67 Who can be the Trustee?

The Policy Owner can appoint a person at least 18 years old (Age next 19) to be the trustee. Policy Owner is not allowed to appoint himself/herself to be a trustee under Paragraph 5 Schedule 10 of FSA, which applies to policies in force on or after 30 June 2013.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q68 Must the appointment of the trustee be made when the customer applies for a policy?

Not necessarily. The appointment of the trustee can be made even after the policy is issued.

Q69 How is Trust created?

Under Financial Services Act 2013 Statement pursuant to Schedule 10 paragraph 5(1), a nomination by a Policy Owner, other than a Muslim Policy Owner, shall create a trust in favor of the nominee of the policy money payable upon the death of the Policy Owner, if

- the nominee is his spouse or child, or
- where no spouse or child is living at the time of nomination, the nominee is his parent.

1.15 Common Reporting Standard (CRS)

Q94 What is Common Reporting Standard (CRS)

In July 2014, the Organization for Economic Cooperation and Development ("OECD") released a standard, asking governments globally to obtain certain financial account information from their financial institutions, including insurance companies, and exchange that information automatically with overseas tax jurisdictions ("AEOI").

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Known as the Common Reporting Standard ("CRS"), it requires financial institutions in participating jurisdictions to obtain and report certain financial information of their customers to help fight against cross-border tax evasion and protect the integrity of tax systems.

Q95 Is CRS the same as the FATCA?

No. Whereas the US government implemented FATCA to prevent tax evasion from US persons, CRS was adopted by over 100 governments to satisfy the same objective essentially.

Q96 What is the Tax Identification Number (TIN)?

A tax identification number (TIN) or equivalent is a unique number typically issued to a customer by a tax authority. Some jurisdictions do not issue TINs, and other jurisdictions accept national identification numbers or similar unique identifiers as valid entries on the CRS self-certification.

Example

The NRIC number is the TIN for Singapore citizen and permanent residents.

Q97 Where to find out the TIN format or structure for the specific country?

TIN format for the respective jurisdiction can be obtained via the OECD website

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q98 What is the TIN and FIN for Singapore?

- For Singapore Citizens or Permanent Residents of Singapore, the TIN is the NRIC Number.
- For non-Singapore citizens who work or reside in Singapore, and hold a Work Pass Card such as an Employment Pass or an Immigration Pass issued by the Ministry of Manpower ("MOM"), the TIN is the "FIN" (Foreign Identification Number) printed on the pass card.

Q99 What is the CRS document that Policy Owners need to complete?

Policy Owners need to complete the *"Tax Compliance"* section in the Application Form and confirm their tax residency status for any country other than Malaysia. Further documents may be required subjected to the information given.

Q100 Why does Manulife need to comply with CRS?

1.20 Financial Underwriting

Q135 Why is Financial Underwriting required?

Financial underwriting is essential to ensure proper financial risk assessment and fulfilling the basic element of risk screening to prevent:

a. Over-insured
b. Anti-selection
c. Fraudulent claims
d. Anti-Money Laundering; and to
e. Ensure affordability on premium payment (avoid early lapse or surrender)

Q136 What are the basic Financial Underwriting Requirements based on Life Total Risk?

Life Total Risk	Financial Underwriting Requirements
Up to RM3.0m	Not applicable
Above RM3.0m to RM4.0m	Large Amount Questionnaire
Above RM4.0m	Large Amount Questionnaire Financial Evidence (i.e. Personal ITR (Income tax returns) & Company's audited account for the past 2 years, etc)

Reminder

a. Life Total Risk includes all policies in-forced of the customer across all distribution channels.

b. Company reserves the right to request for additional requirements for prudent underwriting if the income declared is not reasonable for the profession/ occupation and age stated or unable to justify for the face amount proposed.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q137 What type of documents can be considered as financial evidence?

Basic evidence

a. Personal ITR (Income tax returns) for the past 2 years.

b. Company's audited account for the past 2 years

Supporting evidence

The following documentary proof bearing the name of the proposed life assured can be considered to support the customer's affordability beyond that expressed in the ITR:

- Properties
- Business accounts

- Stock & Shares CDS Statement
- Disposal of assets e.g. Sales & Purchase Agreement and proof of payment
- Trust & Will inherited – Proof from the Court order
- Payment proof on windfall e.g. Sports ToTo/Magnum 4D/Big Sweep Pan Malaysia

Reminder

Affordability is to ensure the client can support the committed premium amount. The eligibility on the total risk exposure (sum assured) is still subject to the earned income of the individual.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q138 When does a Proposed Life Insured need to submit Large Amount Questionnaire?

a. Large face amount and/or total risk of more than RM3 million.

b. Total Premium commitment exceeds the maximum allowable limit as compared to the Insured's income.

c. Non-income group (student/housewife/retiree) applying for a large amount of insurance without Payor Income information.

d. Part of Anti Money Laundering (AML) requirements.

e. Any other scenario that required financial justification.

Q139 What is the acceptable premium affordability for an insurance application?

Income Ratio
Affordability
Financial underwriting

In general, the total annual premium paid should not be more than 1/3 of the annual earned income. This is to ensure the income spent on insurance premium is reasonable and affordable to avoid any early lapse or surrender of the policy.

The acceptable total premium/annual earned income ratio as following:

Annual Earned Income (RM)	Total Premium / Annual Earned Income Ratio
< RM100,000	Up to 35%
RM100,000 to RM149,000	Up to 45%
> RM149,000	Up to 50%

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q140 Why proof of income, e.g., Income Tax Return form BE/B form, Company Audited Account are required?

Proof of income is needed to justify actual financial net worth and the customer's affordability against the face amount applied to avoid over-Insured.

Q141 How to determine the maximum total risk eligible for a customer?

The maximum total risk can be determined by multiplying the annual income by the age factor. Please refer to the table below:

Financial underwriting
Maximum Exposure
Multiple Income Factor

Age	Life	CI
Up to 40	30x	15x
41 – 50	25x	10x
51 – 60	15x	8x
61 – 70	5x	3x

Reminder

- Income declared in the application form must be commensurate with the profession, occupation, and age of the Proposed Life Insured.
- Earned income includes salaries, bonuses, commissions, and any deferred compensation.
- All existing and/or concurrent insurance coverage with all insurers would be included in the calculation of maximum allowable total risk per life.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q142 How to calculate the Financial Life Total Risk for a customer?

Financial underwriting by Product

To calculate the Financial Life Total Risk, please include all inforced policies of the customer and current new application.

The formula for Total Risk Calculation as below:

Basic

Investment-Linked (ILP)	100% of Face Amount
Universal Life (UL)	
Ordinary Life (OL)

1.21 Medical Underwriting & Medical Report

Q144 What is Non-Medical Limit (NML)?

The Non-Medical Limit is the level of total risk which can be accepted based on declaration in application form only. If the total risk exceeded the NML, medical requirements will be needed subject to the age and total risk.

There are 2 sets of NML by product, as below:

	ManuLink Premier	*Other Than* ManuLink Premier	
Age Band	All Agents	MDRT	Ordinary Agent
1 to 15	RM 1,500,000	RM 1,500,000	RM 1,300,000
16 to 50	RM 4,000,000	RM 1,800,000	RM 1,300,000
51 to 60	RM 2,000,000	RM 1,200,000	RM 800,000
61 to 70	RM 500,000	RM 600,000	RM 400,000

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q145 How to calculate the total risk to determine Non-Medical Limit (NML)?

Total risk calculation by aggregating all policies issued within the last 12 months and current applications. The factor for different products is as following:

Investment-Linked (ILP)	100% of Face Amount
Ordinary Life (OL)	
Additional CI	
Beyond Critical Cover Plus	
Cover-Me-Again	
Manulife Lady Rider	
Advance Beyond Critical Cover	125% of Face Amount
CI Early Advantage	
Universal Life Products (UL)	Total sum at risk will be aggregated in the subsequent application for NML calculation

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q146 What is the type of medical requirements if exceeded Non-Medical Limit (NML)?

Complete Blood Profile (JH1)	RM 135	RM 150
Lipid Profile (JH2)	RM 39	RM 150
Liver Function Test (JH3)	RM 46	RM 150
Renal Function Test (JH4)	RM 53	RM 150
Thyroid Function Test (JH5)	RM 70	RM 150
Diabetes Profile (JH6)	RM 70	RM 150

Example

Customer A located in West Malaysia requested for Paramedical Examination + Urine Collection + Blood draw + Lipid Profile, the total cost = RM150 + RM 100 + RM 39 = RM289.

B). Attending Physician Statement (APS) or Questionnaire by Attending Doctor

Type of Services	Medical Charges	Coordination Fee
APS service per application	As charged	RM 150 (WM) RM 185 (EM)
Admin / KIV Charges	-	RM 35
Cancellation Charges (Application submitted with report fee will be as charged)	As charged	RM 50
Declaration Letters service charge	-	RM 50
East Malaysia Service charge per APS	-	RM 35

Reminder

Chest X-ray, ultrasound and Stress ECG are not available for Paramedic Services

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q165 What are the medical reimbursement rates for non-panel clinics?

The maximum rate per test as below:

Medical Examination Report (MER)	RM 100
Urine FEME	RM 10
Chest X-Ray	RM 40
ECG - Resting	RM 50
ECG - Stress	RM 340
Complete Blood Profile – JH1	RM 105
Lipid Blood Profile – JH2	RM 15
Liver Function Test – JH3	RM 35
Renal Function Test – JH4	RM 18
Thyroid Profile – JH5	RM 50
Diabetes Profile – JH6	RM 54
Ultrasound – Kidney & Urinary	RM 130
Ultrasound – Upper Abdomen	RM 80
Ultrasound - Breast	RM 130

Q166 The customer has paid for the medical report, how can the customer reimburse by the company?

Please provide original receipts to the company via MYNB@manulife.my. If the receipt is under customer's name but customer acknowledge the reimbursement is to be paid to agent, please submit letter of indemnity as well.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q167 Will the company reimburse the medical report fee for an appeal case?

Yes. Medical evidence obtained for the appeal to review an underwriting decision will only be reimbursed if Counter-Offer is accepted and the case is issued, with maximum reimbursement (inclusive of initial requirements) up to 20% of Annual Premium.

Q168 Are the medical report expenses reimbursable?

The cost of medical reports can be reimbursed subject to the following scenario:

Application Status	Medical Fees reimbursement
Inforce Postponed or Declined Not Taken Up due to reject Counter-Offer	Yes
Not Taken Up due to incomplete documents Not Taken Up due to cancellation for standard decision Not Taken Up due to no payment	No

For applicant above 60 years old, the medical fees are borne by the Policy Owner and reimbursable up to 20% of the annual premium, if the policy is taken up.

Reminder

Only the medical requirements requested by the Company are entitled to reimbursement.

For Not Taken Up cases, any medical fees incurred shall be borne by agent via the deduction of commission.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Policies that are In force, Postponed, Declined, or Not Taken Up due to a rejected Counter-Offer may qualify for medical reimbursement. This is contingent upon the absence of an 'own expense' clause in the AIRA letter. If the 'Own Expense' clause is present, medical reimbursement will not be permitted.

Own Expense Clause: Please be aware that medical requirements are paid by the applicant, we will reimburse up to 20% of the annualized premium if the policy is issued.

Q169 The Proposed Life Insured made a claim with Manulife. Why does Company still request medical evidence instead of referring to the company's claim record?

The medical claim reports can assist the Company in ascertaining the diagnosis made during the claim period. However, the information may not be sufficient for underwriting purposes as the Company is required to confirm the customer's current health condition. As such, other medical evidence (e.g., APS, blood test) is required to determine current insurability.

Q170 If APS was requested, but the customer is not attending any follow-up with a doctor, what should the customer do?

If the customer is not attending any follow up with a doctor and APS not available, the customer must declare in Application Form or Amendment to Application Form confirming he/she is not on any follow up with any doctor, date of last follow-up, and current condition (e.g., buys medicine from the pharmacy only, etc.)

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q171 What is the document to be submitted if the customer's signature in Medical Examination Report (MER) is different from Application Form?

The customer is required to submit "Amendment to the Application Form" with both specimen signatures on MER and the application form and reconfirm which signature to be used in the future.

Q172 Are medical examinations and other tests allowed to be conducted outside of Malaysia?

No. Medical examination and all tests must be conducted in Malaysia.

Q173 How to calculate Body Mass Index (BMI)?

The most common method to evaluate one's build is based on BMI.

$$\frac{\text{Weight in Kg}}{(\text{Height in Meter})^2}$$

Q174 What is the procedure if the customer wishes to obtain a copy of the medical report done with Manulife?

Medical reports submitted to the Company are deemed as confidential information and should be treated as such. In compliance with the Personal Data Protection Act 2010, reports will be provided to customers, subject to the following conditions:

a) A consent letter from the Proposed Life Insured/Policy Owner needs to be submitted for approval. Please email the request to MYCARE@manulife.com.

b) Reports will be mailed directly to the forwarding address provided by the insured/policy owner in the written request.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

c) A copy of the report can be sent to insured via email if the email address is indicated in the written request sent in by insured/policy owner.

d) Reports that can be released to insured/ policy owner are blood test, Statement of the Medical Examiner (page 1 & 2 of MER), Chest X-Ray, ECG and Ultrasound.

e) Attending Physician Statement (APS), Medical Questionnaires by attending doctor and Medical Examiner's Confidential Report (page 3 & 4 of MER) cannot be released to insured/ Policy Owner.

Q175 Why is an application loaded, rated up or excluded?

When a person is classified as having a greater risk than normal, the policy may be issued with special exclusions and/or a premium rate higher than a standard policy.

Q176 What is a loading?

This is an amount in addition to the standard premium that the customer is required to pay. This additional amount is applied to take into consideration the increased risk compared to a person without medical risk. For example, a loading may be applied if there is a history of high blood pressure.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q177 What is a medical exclusion?

Exclusions are used to remove foreseeable events or causes of claim from the cover provided. They return the risk of average. This can be an:

a. Exclusion of a claim for death or injury resulting from a certain activity such as motor racing.

b. Exclusion of a claim relating to a pre-existing condition, e.g., cover for disabilities caused by back pain might be excluded if a person has a history of back disorder, as the potential for further problems is foreseeable.

It is important to remember that the policy will still cover all other disabilities caused by unforeseen illness or injury.

Q178 What are the types of products insurable by medical illnesses?

Please refer to the common medical illnesses listing below. Those indicated as Declined Risk are uninsurable, while some other impairments may require further medical evidence for assessment.

The impairment listed below is solely on single impairment. Applicant with multiple impairments will have different underwriting decision subject to the overall risk factors presented.

Life refers to Basic Life, Term, Endowment Plan, Savings Plan
Rider refers to TPD, CI, Medical Plan

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Medical Illness	Underwriting Decisions		
	Standard	Loading or Exclusion	Postpone or Decline
Accidental Injuries	No fracture, no complication or residual disability, fully recovered.	Exclusion is applicable if fully recovered, but internal fixation not removed.	Recent head injury within 1 year, all plans will be postponed. Decline if severe head injury with complication.
Anaemia	Full Blood Count within normal range, no history of admission, no underlying chronic disorder	Abnormal Full Blood Count up to moderate level of anaemia.	Decline if severe level of anaemia OR anaemia without full investigation on underlying cause and actual diagnosis.
Asthma	Condition under control without attack for the past 5 years. No history of admission.	Condition under control but with long term treatment.	Poor control with multiple admissions. Decline if multiple admissions or associated with Chronic Obstructive Airway Disease (COAD).
Chronic Kidney Disease (CKD)	No standard risk for CKD. This is a highly sub-standard or decline risk	Only Basic Life to be considered with high loading. Riders will be declined.	Postpone if the condition ▪ Renal Function Tests (RFT) severely elevated ▪ not fully investigated ▪ On-going treatment Decline if presented with multiple risk factors or malignancy.
Coronary Artery Disease (CAD)	No standard risk for CAD. This is a highly sub-standard risk.	Only Basic Life to be considered with high loading. Riders will be declined.	Postpone if the condition ▪ not well established ▪ not fully investigated ▪ newly diagnosed within 6 months ▪ operation performed within 6 months. Decline if severe CAD, or with multiple risk factors.
Depression	For Life cover only: ▪ Mild-condition ▪ Control by medication ▪ Live in normal social life ▪ Gainfully employed ▪ No suicidal attempt before	Mild-condition	Postpone if the condition ▪ Severely affected daily life ▪ Require off-work ▪ On-going treatment and hospitalization ▪ With suicidal attempts ▪ Financially depending on others
Diabetes Mellitus (DM)	No standard risk for DM. This is a highly sub-standard risk.	Only Basic Life to be considered with high loading. Riders will be declined.	Poor control DM will be postponed for at least 6 months after DM is treated and stabilized. Decline if DM with sign of end organ damages; or presented with multiple impairments.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Medical Illness	Underwriting Decisions		
	Standard	Loading or Exclusion	Postpone or Decline
			Living benefits such as TPD/CI/ Medical plan is outright rejected risk.
Epilepsy	Mild epilepsy, condition under control without attacks for the past 5 years. No history of admission.	Condition under control with medication with no complication or associated disorder.	Newly diagnosed within 1 year OR condition not under control or/ not treated. Postpone for at least 1 year after epilepsy is treated and stabilized. Decline if Epilepsy with complications or association with other disorders, alcohol abuse, or poor compliance to treatment.
Gastric	Acute (single attack) without recurrence for more than 1 year.	Chronic (recurrence) gastritis with no complications or untreated ulcer.	Chronic condition without investigation or treatment. Postpone until fully investigated with underlying cause identified. Decline if Chronic gastric problem or ulcer, subjective of malignancy.
Gout	Asymptomatic without complications. Medical plan still subject to exclusion.	Exclusion on Medical plan	If presented with complication of hypertension or kidney involvement.
Health screening or medical check-up done	Test done with normal results and not for diagnostic purposes, OR without any symptoms.	Subject to the final diagnosis found during the medical check-up	Postpone if the new finding is not fully investigated. To reassess based on the final diagnosis and current health conditions.
Heart Attack (Acute Myocardial infarction - AMI)	No standard risk for AMI. This is a highly sub-standard risk.	Only Basic Life to be considered with high loading. Current age of applicant is more than 44. Riders will be declined.	Postpone if the condition ▪ not well established ▪ not fully investigated ▪ newly diagnosed within 6 months ▪ operation performed within 6 months. Decline if AMI presented with multiple risk factors or age of applicant is 44 and below.
Heart Failure (CCF – Chronic Cardiac Failure)	No standard risk for CCF. This is a decline risk.	Not applicable. All plans will be declined.	This is uninsurable risk for all plans.
Hepatitis A Virus (HAV)	Standard if fully recovered.	Not applicable	If condition not fully treated.
Hepatitis B Virus	For Life cover only, if: ▪ Asymptomatic		

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Medical Illness	Underwriting Decisions		
	Standard	Loading or Exclusion	Postpone or Decline
(HBV)	▪ Not under any anti-viral treatment ▪ Normal liver function test (LFT) ▪ No complications.	Rate based on LFT level, HbeAg results and current condition.	Elevated LFT above 2 times of the upper normal limit, or with medication. Decline risk if with malignancy.
Hepatitis C Virus (HCV)	No standard risk for HCV. This is a highly sub-standard risk.	Life cover will be offered with loading if LFT under controlled without other risk factors. Loading or exclusion is not applicable for riders due to decline risk.	Riders will be declined. Postpone risk when the LFT is markedly elevated or on anti-viral treatment. Decline risk when presented with malignancy or with concurrent HBV infection or alcohol consumption.
Hyperlipidaemia (High Cholesterol)	Cholesterol under well-control, on medication. Non-smoker.	Cholesterol level ratable level. Smoking habit.	Untreated high cholesterol, or lipid level is severely elevated. Postpone at least 6 months after condition treated and stabilized.
Hypertension (High Blood Pressure)	Blood pressure under well-control, on regular follow-up with family doctor, no history of admission	Young age hypertension OR not on regular follow-up or treatment.	Undiagnosed or untreated high blood pressure, or blood pressure is severely elevated. Postpone at least 6 months after condition treated and stabilized. Decline if with evidence of end organ damages.
Hyperthyroidism	Condition under control with or without medication Medical plan still subject to exclusion.	Condition under controlled and still on medication.	Untreated or uncontrolled even on medication. Abnormal Thyroid Function Test (TFT) or under investigation. Decline if poorly control with complications.
Overweight	Non-smoker, up to BMI 30.	Moderately overweight, subject to MER.	Moderately overweight, subject to MER.
Peptic Ulcer	Single occurrence, repaired OR treated for more than 2 years	Poor response to treatment with relapses	Chronic gastric problem without investigation, to postpone until fully investigated with firm diagnosis. Decline if ulcer subjective of or proven malignancy.
Stroke (CVA/TIA)	No standard risk for HCV. This is a highly sub-standard risk.	Only Basic Life to be considered with high loading. Riders will be declined.	Postpone if the condition ▪ not well established ▪ not fully investigated

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Medical Illness	Underwriting Decisions		
	Standard	Loading or Exclusion	Postpone or Decline
			▪ newly diagnosed within 6 months ▪ operation performed within 6 months. Applicant with multiple risk factors will be declined.
Thalassemia	Thalassemia trait/carrier without anemia symptoms, normal haemoglobin level	Anaemia, assess based on the haemoglobin level	Markedly anaemia condition will be postponed. Decline if requires frequent blood transfusions
Underweight (BMI <18)	Non-smoker, Mild underweight with no other risk factors	Moderate underweight, subject to client's risk profile	Decline if severely underweight with associated medical conditions.

Reminder

The above are the underwriting decision for single medical impairment. Applicant with multiple impairments will be assessed accordingly based on the overall risk factors presented.

All cases will be subjected to current underwriting assessments and latest guidelines.

Q179 Why there is an increase in the Waiver of Premium rider premiums when the plan applied for has been rated up?

Premiums for these riders are based on the premiums of the base plan, as such, if the base plan was rated up, the premiums of these riders will be increased simultaneously.

Q180 If Company has requested for an Attending Physician Statement (APS) but customer is not attending any follow up with a doctor, hence no APS. Why the medical loading is higher compared when the APS is available?

In the absence of APS, we are unable to obtain customer's full medical history. As such, medical loading will be higher to account for any complications of the illness.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Control of certain illnesses is uncertain unless the customer is on proper treatment and follow up with a doctor e.g., for Hypertension; the customer may not be aware of raised Blood Pressure if there is no regular follow up with a doctor. Complications from hypertension such as left ventricular hypertrophy (LVH), abnormal urinalysis especially traces of protein (albuminuria) which indicate signs of end organ damage etc., will also not be detected.

Q181 Is unemployed individual insurable?

Consideration of coverage shall be subjected to underwriting review due to higher risk of anti-selection and requirement to establish the insurable interest. Generally, this is a declined risk.

Q182 Is new product illustration required for substandard case with loading?

Yes. New product illustration with loading is required.

Q183 Is new product illustration required if there is change in benefits or the riders are being declined?

Yes. New product illustration is required whenever there is change of benefits/ riders for both investment linked and traditional policy. Please submit Amendment to Application form as well to state the changes made.

Q184 Is there any difference in the medical rating if the customer increases the face amount? Can this reduce the loading?

No. Loading cannot be reduced as ratings are based on morbidity and/or mortality factors, regardless of the face amount.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q185 When does the Company postpone the application?

Case will be postponed if we are not able to consider any coverage for the time being. The case can be reconsidered after a period with supporting medical document or with up-to-date medical evidence once applicant's medical condition is fully investigated and treated.

Q186 If the case is postponed until fully investigated but the client did not follow through for the investigation. Is a repeat test acceptable for review?

No. If the condition is not fully investigated and treated with a firm diagnosis, the case will be remained postponed indefinitely.

Q187 If the case is postponed for a period (i.e. 6 months after full recovery), how to submit review after the postponement period is over?

Please submit a new life application with the new application number and relevant medical reports at customer's own expense for further assessment.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q188 When and how to review of the underwriting decision?

Normally, underwriting decisions are permanent. However, for certain impairments, a Life Insured's condition may improve and as such, can be reviewed after first policy anniversary year. The Policy Owner needs to write in requesting for a review and to inquire what are the medical requirements required by the Company. Medical examination cost will be borne by the Policy Owner.

Disease/ Disorder	Conditions review can be considered	Requirements
Asthma	• More than 5 years with no attack/ recurrence.	• Asthmatic Questionnaire to be completed by life proposed
Breast	• Lump has been removed > 12 months. • Histology confirmed benign. • No recurrence. *subject to nature of the lump, some condition exclusion maybe permanent.	• Biopsy report • Latest breast ultrasound • APS (if there is any regular follow up)
Bronchitis	• More than 12 months with no attack/ recurrence.	• MER
Cataract	• Surgery done on both eyes. • No visual impairment. • No complications.	• MER
Gallstone	• Surgery done & fully recovered. • No recurrence/ complications.	• Amendment declaration
Gastritis	• Not chronic condition. • No recurrence for more than 2 years.	• Gastritis Q by Life proposed • Urea breath test (cause of gastritis is H. Pylori infection)

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

	• Underlying cause is ruled out & treated (e.g. H. Pylori infection is cleared).	
Haemorrhoids/ Piles	• Surgery done > 12 months. • Complete recovery. • No recurrence/complications	• Amendment declaration
Hypertension	• Regular treatment. • Well controlled. • Never been hospitalized. • No change of prescription for the past 12 months.	• MER • Micro urinalysis (MU-FEME) • Amendment declaration
Ovarian Cyst	• Surgery done > 2 years. • Complete recovery. • No recurrence/complications.	• Biopsy report • Latest pelvis ultrasound
Sinusitis	• Surgery done > 12 months OR • No recurrence > 2yrs	• Amendment declaration
Tonsillitis	• Surgery done. • No recurrence/chronic condition.	• Amendment declaration
Urinary Tract Infection (UTI)	• No underlying disorder. • No recurrence/chronic condition. • Last occurrence >12months.	• MER • Micro-urinalysis
Obesity	• Weight change in view of build management (not due to sickness) for > 12 months.	• MER
Internal Fixation	• Fixation been done > 3 years. • No complications. • No residual impairment.	• Accidental Questionnaire

NOTE: The above guidelines are subject to change and may vary depending on customer's condition & latest guidelines.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q189 Why is the application still charged with loading when the Attending Doctor commented that the customer is healthy?

Underwriting concept
Underwriting decision

Different of opinions between clinical medicine and insurance medicine. Insurance is for long-term coverage; we need to assess the long-term impact to the risk acceptance to ensure premium charge appropriately cover the risk and avoid anti-selection or early claims.

Clinical Medicine	Insurance Medicine
The study and practice of medicine based on direct observation of patients.	Application of the art and science of medicine to the assessment of the life and health insurance risk, pertaining to the risk appraisal, prognosis of the time of death and the liability to disability due to accident or disease.

Example

Diagnosis	Clinical Medicine	Insurance Medicine
Hypertension	Healthy individual. Clinically no abnormality detected, to continue medicine to control the blood pressure. If any abnormality detected later, to prescribe different medication or treatment.	Sub-standard risk. Higher risk of coronary artery disease (CAD), kidney failure, etc. Once insurance risk is accepted, not able to underwrite again in future if any complications. To assess the risk vs normal healthy risk profile.
Chronic Backache. Complaint of persistent backache.	Complaint of persistent backache. X-ray done without abnormality detected. Impression: Healthy. If backache still continues, to further investigate with other tests.	Back disorder is chronic in nature. Even with a normal X-ray, customer may still proceed with further investigations in the future if the backaches are still persistent. Underwriting Decision Hospital & Surgical benefits: Exclusion will be imposed on back disorders

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Reminder

All cases will be subjected to current underwriting assessments and latest guidelines.

Q190 When does the Company decline an application?

No cover is provided due to the risk being assessed by the Company as outside the usual acceptance parameters. For example, customer with multiple risks such as diabetes with high blood pressure and complicated with other heart diseases.

Some with known medical history of high blood pressure but defaulted on the follow up with doctor, the blood pressure readings indicate poorly uncontrolled condition, or developed with other complications such as stroke, kidney damages etc. This will be uninsurable risk, and hence application will be declined.

Q191 When can we review the underwriting decision and how to go about it?

Normally, underwriting decisions are permanent. However, for certain impairments, a Life Insured's condition may improve and as such, can be reviewed after first policy anniversary year.

The Policy Owner needs to write in requesting for a review and to inquire what are the medical requirements required by the Company. Medical examination cost will be borne by the Policy Owner.

Reminder

All cases will be subjected to current underwriting assessments and latest guidelines.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q192 What are the Medical Life rating classes (B0, C0, D0 etc.) in Letter of Counter Offer and Product Illustration stand for?

These are the medical rating classes indicating the extra mortality with Class S0 being Standard risk.

Rating Class	Extra	Rating Class	Extra Mortality
B0	+50	H0	+200
C0	+75	I0	+225
D0	+100	J0	+250
E0	+125	L0	+300
F0	+150	M0	+350
G0	+175	N0	+400

Q193 What is the underwriting consideration for smoking?

The underwriting assessment is large depending on severity of smoking.

No. of Cigarettes Per Day	Underwriting Considerations
≤ 30 (or any pipe, cigar or smokeless tobacco use)	Only apply smoker rates, no additional loading would be imposed
>30	Medical Examination Report (MER) is requested. Treadmill (ECG-TM) may be required subject to the presence of risk factors.
Applicants on current nicotine replacement therapy, including varenicline, or using e-cigarettes	should be considered at 'smoker rates' due to the risk of resuming smoking.

Reminder

Where other risk factors are present, or if there are complications associated with tobacco consumption, additional ratings according to the risk factors, diseases, or complications.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q194 If customer is an ex-smoker, what is the duration of ceased from smoking shall consider as non-smoker?

A minimum of 12 months is required, to be considered as non-smoker.

Q195 Is cigar smoking considered as smoker?

Yes. Any form of smoking i.e., Cigarettes, e-cigarettes, cigars are all categorized as smoker where smoking rates shall apply.

Q196 What is occupational loading and why is it necessary?

Occupational loading is an additional amount to the standard premium that the Policy Owner is required to pay in consideration to the increased risk compared to a person without occupational risk.

Example

A loading may be applied if the occupation involves dangerous activities or handling dangerous equipment such as explosives.

Q197 What is residential loading and why is it necessary?

A residential loading is an additional amount to the standard premium that the Policy Owner is required to pay in consideration to the increased risk compared to a person without a residential risk. For example, loading may be applied if the residential area is having high health hazards with low health services or involves in international disputes or civil unrests.

Q198 Is medical coverage available for professional and amateur sportsmen?

No. Medical coverage is not available for professional and amateur sportsmen.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q199 What is an avocation risk?

An avocation risk refers to sports or activities that pose hazards and require additional amount to the standard premium that the Policy Owner is required to pay due to the increased risk compared to a person without avocation risk. For example, loading may be applied in amateur or professional sports depending on regulations or licensing requirements, official governing bodies, training environment in remote locations, habit, lifestyle, use of stimulants or drugs etc.

Q200 What is the underwriting consideration for alcohol consumption?

The underwriting acceptance subject to the severity of drinking habits.

Category	Description
Low risk drinking	Level of consumption up to 6 units/day
Alcohol abuse Harmful drinking	Level of drinking greater than 6 units/day
Alcohol dependence Alcoholism	There is no specific amount above which alcohol dependence or alcoholism is diagnosed. There is a strong or overwhelming desire to take alcohol and difficulty in controlling intake

Q201 How to calculate number of units for alcohol consumption?

Formula for Calculating Number of Units
= Strength (Alcohol by Volume (ABV)) x Volume (ml)/ 1,000

Note

ABV is a measure of the amount of pure alcohol as a percentage of the total volume of liquid in a drink. ABV can be found on the labels of cans and bottles, sometimes written as "vol" or "alcohol volume" e.g. 1 can of beer (320ml) with ABV of 4.5% = 1.4 units (4.5 x 0.32)

Reminder

APS, Blood Profile and Alcohol Questionnaire may be required

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q202 Is drug abuse insurable?

Underwriting consideration are subjected to the following factors:

- Age of the Proposed Life Insured and current occupation
- History of drug abuse; years since the last used
- Any relapses on drug abuse and/or history of any alcohol abuse
- Any history of intravenous use requires HIV and hepatitis B & C screens.
- An evaluation of potential complications arising from this including trauma, underlying mental illness, evidence of impulsive or reckless behaviour, evidence of financial or social instability and ongoing support networks or lack thereof.

Reminder

- Very low possibility of insurability. Only Life coverage can be considered with loading imposed, subject to favourability of underwriting requirements.

Q203 What is the underwriting treatment for applicant with positive family history?

A family history of disease or death, especially occurring at young ages, may imply that the applicant is also at increased risk for the same or related illness. Most diseases have some genetic/familial component, but environmental and lifestyle factors also affect this risk.

This Family History Guidelines apply to *'immediate family members'* or *'first degree relatives'* i.e. father, mother, brother or sister. *'Second degree relatives'* such as grandparents, aunts, uncles and cousins may sometimes be relevant.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Family History	Underwriting Considerations	Underwriting Requirements	Underwriting Decision
Alzheimer's Disease A chronic neuro-degenerative disease of the brain causing progressive cognitive impairment and dementia. Death usually occurs due to co-morbid conditions.	▪ Age of applicant ▪ Number of relatives affected, relationship to applicant and relative's age at occurrence	Nil	**Best Case** Standard terms for all coverage **Worst Case** Loading & exclusion on Life/ TPD/CI/H&S
Cancer A group of diseases involving abnormal cell growth with the potential to invade or spread to other parts of the body.	▪ Nature/ Type of cancer ▪ Age and gender of applicant ▪ Number of relatives affected, relationship to applicant and relative's age at occurrence ▪ Any cancer syndrome within the family tree ▪ Results of screening tests	Nil	**Best Case** Standard terms for all coverage **Worst Case** Loading and/or exclusion on CI/H&S
Cardiovascular Disease Conditions that involve narrowed or blocked blood vessels that can lead to a heart attack, chest pain (angina)/ stroke or affect your heart's muscle, valves or rhythm	▪ Age and gender of applicant ▪ Number of relatives affected, relationship to applicant and relative's age at occurrence ▪ Other cardiovascular risk factors such as smoking, obesity, raised cholesterol, etc	APS may be required if > 2 immediate family members with history of cardiovascular disease before age 60	**Best Case** Standard terms for all coverage **Worst Case** Loading on Life/TPD/CI/H&S
Diabetes Mellitus Group of diseases that affect how the body utilises sugar. People with diabetes would have too much of glucose in their blood stream	▪ Age and gender of applicant ▪ Number of relatives affected, relationship to applicant and relative's age at occurrence ▪ Other cardiovascular risk factors such as smoking, obesity, raised cholesterol, etc	Nil	**Best Case** Standard terms for all coverage **Worst Case** Loading on Life/TPD/CI/H&S
Motor Neuron Disease A group of related diseases of the nervous system that are characterized by steadily progressive deterioration of the motor neurons in the brain, brainstem, and spinal cord.	▪ Age of applicant ▪ Number of relatives affected, relationship to applicant	MER	**Best Case** Standard terms for all coverage **Worst Case** Declined or only Life coverage

Q204 How to provide a good health declaration on ePOS?

ePOS Underwriting Reflexive Questions

Selection of the correct medical condition will trigger the related reflexive questions to be answered accordingly. When applicable, specific medical condition should be selected from the dropdown list e.g. Appendicitis, Diabetes Mellitus, Hypertension, High Cholesterol etc. If the medical condition is not in the listing, please provide a detailed information stating year of onset, diagnosis, investigations, treatment done and follow up details.

Please refer to the slides on Manulife Operation Roadshow March 2022 uploaded on CAO channel to guide you.

Additional tips:

- Submit clear, complete set of medical reports / discharge summary
- Declare medical condition/diagnosis, not type of medication
- Precise information and declaration – utilise disease available from the dropdown list :

1.24 Duty of Disclosure

Q220 Why does the customer require to disclosure personal and health information?

When the applicant applying for life, medical or other types of insurance, they will be required to provide information about themselves and family members in the application form. This information helps the insurer to assess the insurance application risk accurately which may influence the risk acceptance. Hence, the information provided must be accurate, truthful and complete.

Q221 What is material non-disclosure?

Material non-disclosure refer to the facts which are relevant to the underwriting of an insurance application that have been withheld or no advised. There will be an impact to the risk assessment and the acceptance of the insurance application. The impact on insurability depends on the overall risk factors presented by the applicant at the time of the insurance application.

Reference

Please refer to Insurance Library | Services | Manulife Malaysia under section Non-Disclosure on the importance of material non-disclosure.

Q222 What is the impact to the insurance policy if there is a material non-disclosure?

If the policy with material non-disclosure, insurer can deny the claims as per the policy provision. The policy will be considered null and voided, the customer will be without any insurance protection if material non-disclosure was found out at the later stage. This may lead to claims being rejected and affect the customer's future applications.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Reminder

The customer is strongly advised to fully disclose all medical and financial information at the insurance application stage.

Q223 When do customers need to disclose material and relevant facts (including medical history and pre-existing conditions)?

3.0 Policy Administration

3.1 Nomination and Appointment of Trustee

Q247 How to make a nomination?

- The Policy Owner has attained 16 years old and above
- Fill up a nomination form at the time of application of the life insurance policy
- The Policy Owner can nominate after the policy issued by completing the Nomination Form
- Can nominate more than one nominee, and state the proportion to which each nominee would be entitled
- If the portions to be paid to each nominee is not specified, the policy monies will be distributed to the nominees in equal share
- Ensure the nomination form is signed by a witness who is 18 years old and above, of sound mind and who is also not a nominee
- Once nomination process is completed, an endorsement will be issued to the Policy Owner.

Q248 Can the Policy Owner nominate more than one person?

Yes, the nomination of more than one person is allowed by submitting a Nomination form. If the provided column for Nominee is not sufficient, please attach the Request for Change of Customer Details and Payment Method Form by providing additional nominees required details under Section G-Others.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q249 How to make changes to existing nomination?

The Policy Owner can nominate or make changes by completing a new Nomination form. Please take note that if there was a trust nominee or trustee being nominated previously, consent from the trust nominee or trustee is required. The latest nomination will supersede all previous nominations.

Q250 Who can be named as a nominee of the policy?

For the non-Muslim Policy Owners, a trust will be created in favor of the nominee under the following circumstances:

a. If the nominee is the spouse or child of the Policy Owner, or

b. If the nominee is the Policy Owner's parent (provided that there is no living spouse or child at the time of such nomination).

For the Muslim Policy Owners, a trust will not be created in the above circumstances. The nominee of a Muslim Policy Owner takes the policy monies as an executor and must distribute the money in accordance with Islamic laws.

Religion	Marital Status	Trust created	Non-Trust
Non-Muslim	Single	Parent Note: Provided that there is no living spouse or child at the time of nomination.	Others e.g.: friend, grandchildren, grandparent, siblings
	Married	Spouse, child	Others e.g.: siblings, parents with living spouse or child at the time of nomination.
Muslim	All	Not applicable	Any natural person / individual

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q251 Will the nominee (wife) become the trustee of the husband's policy when the former (nominee) did not sign the nomination form as a trustee?

Yes, a trust will be created if the nominee is the spouse or child of the Policy Owner even without obtaining his/her signature at the point of nomination made.

Reminder

Trust policy is applicable for Non-Muslim policyholders only.

Q252 If the parent and spouse being named as nominees at the same time, do we need to get consent from both parent and spouse for change of nomination in the future?

For the married Policy Owners, the Trust is created on the spouse. In this case, we need to obtain consent from the spouse only.

Q253 Under Trust policy, is consent from the trustee required for policy changes while the nominee is a minor?

Minor is incompetent to contract. Where no trustee is appointed, and a child is the nominee of the policy, the surviving parent other than the Policy Owner's consent must be obtained as he or she is now the trustee for the minor. Where there is no surviving parent, the Public Trustee shall take the role as the trustee.

In the case where a nominee is 18 years old and above, and no trustee has been appointed, the nominee shall act as the trustee of the policy monies.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q254 Suppose the husband being named as a nominee. Upon divorce, do we need to obtain consent from the ex-husband for policy changes such as policy surrender or nomination?

Trust only exists if the named nominee is the insured/ Policy Owner's spouse. Trust is no longer exist once they are divorced. Insured/ Policy Owner can change the nomination without the consent of ex-spouse or deal with the policy without consent from their ex-spouse.

Reminder

Please ensure the relationship is legally divorced and not merely separated.

Q255 If the Policy Owner claimed that the trustee could not be contacted or lost, can we proceed with the change of nomination or policy benefit payout without consent from the trustee?

We are not able to waive the trustee's consent unless there is a court order to support the appeal of the waiver on a per case basis e.g. Court Order in declaring that the person is missing person or presume death.

Q256 If spouse being named as a nominee and sister was appointed as the trustee. If we have obtained the appointed trustee consent (sister), do we still require the consent from the nominee (spouse)?

The trustee appointed by the Policy Owner could replace the nomination trust. Since we have obtained the appointed trustee's consent, the consent of the spouse is no longer required because it has been replaced by the trustee appointed by the Policy Owner.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q257 Is the procedure to obtain consent from the Trustee applicable to the old block of policies issued before the implementation of FSA 2013?

Yes, applicable to all policies regardless of when the policy effective date is.

Q258 Customer is a Muslim, intended to give her life policy to her daughter, who is still a minor. Knowing that the nominee under the FSA is just acting as an executor and to be distributed in accordance with Islamic Law. How will the claims payment be in this scenario?

As per Financial Services Act 2013, anyone who has been identified as the rightful person to receive the policy money upon the death of a Muslim Policy Owner, will have to distribute the policy monies according to the law that applies to the Policy Owner.

The reason we mentioned *'rightful person'* and not the nominee is that, in a situation the nominee is still a minor (<18 years old), the policy monies can be payable to the minor's parent. The parent of the minor will then have to distribute the policy moneys according to the law that applies to the Policy Owner.

Q259 If the parent was nominated before his marriage, is the parent's consent required before an Insured/policy owner can vary or surrender the policy?

Yes, consent from the parent is required. The trust in favour of the parent remains as at the time of nomination he did not have a wife or child.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

3.2 Absolute Assignment and Change of Policy Ownership

Q260 What is policy Absolute Assignment?

It is the transfer of ownership of a life insurance policy to an individual or a separate entity (*assignee*). The assignee becomes the new Policy Owner, and the Assignor has no further rights thereafter.

Q261 Who can be appointed as Assignee?

With effect from 1 Nov 2021, appointment of Assignee can only be done to the person under Permitted Relationship.

Reference

Note:
Stamp duty amount will be determined by the Inland Revenue Board of Malaysia (IRB)

Q267 What would happen if the customer submitted the absolute assignment form to Manulife?

Upon receiving the absolute assignment form, Manulife will conduct a standard recording of the assignments in the system before returning the form to the customer. The customer may submit the form for stamping at IRB office at their own discretion.

Q268 If customer wants to assign their policy absolutely, how much is the stamp duty?

Stamp duty – to be advised by IRB.

Q269 Will Manulife proceed to endorse and record the assignment even though the customer only submits a soft copy or the copy of the assignment form that has not been stamped?

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Yes, Manulife will proceed with the usual process of checking, and upon fulfilling the relevant requirements, endorse the policy and update the assignment accordingly.

Q270 Does Manulife update the assignment based on an unstamped assignment form valid?

Policy Assignment
Absolute Assignment
Stamp Duty

Unless any party disputes the assignment, we will honour the assignment as recorded based on the document submitted.

Q271 What is the impact to the customer if they don't proceed with the stamping of the assignment form?

The customer may not be able to rely on the form as evidence in court in the event of any dispute. It will only be admissible in court as evidence upon the payment of stamp duty and/or penalty for late stamping in accordance with the Stamp Act 1949.

Q272 How does customer submit the assignment form to IRB for stamping?

The customer needs to bring the original assignment form to IRB and follow the procedure as required by the respective IRB offices.

Q273 Can the agent assist the customer in getting the assignment form stamped?

It is up to the agent if they want to provide such assistance. Where the agent assists the customer, he must inform the customer that he is helping in his capacity and not on behalf of Manulife. It is unlikely that the customer is required to be present during the stamping process at IRB, although different IRB branches may have different standards of practice in place.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q274 How to proceed with release of assignment?

Policy assignment can be released by submitting the followings:

5.4 Welcome Call

Q411 What is Welcome Call?

Welcome Call defined as a direct contact between Manulife and the end customer either through call or email for the purposes of customer satisfaction and maintaining quality of sales best-practice upon completing a sales transaction.

Q412 Is Welcome Call compulsory for all customers?

Welcome call is a regulatory requirement, and we must achieve certain success rate. Generally, 50% of our customers will receive Welcome Call from Customer Service while the other 50% will receive a Two-way SMS.

Q413 What is Two-way SMS?

Two-way SMS is a SMS to welcome customer to Manulife and request customer to go through their Policy Contract to confirm plan purchased. If they require clarification, customer can reply to 62033 and we will process a welcome call accordingly.

Q414 When do Welcome Call start?

Welcome Call starts 5 working days from the policy issuance date (Call and two-way SMS) and completed within 15 days on Face-to-Face policies and 30 days for Non Face-to-Face policies.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q415 How many attempts will the Manulife made to reach the customers?

Welcome Call shall be attempted no less than 3 times.

Q416 What language are Welcome Calls made in?

Welcome Calls can be made in English, Mandarin, Malay or Tamil.

Q417 What happen if the three (3) attempts to reach the customers are failed? Will Manulife use a different channel to reach the customers?

Yes, Digital Welcome Call (DWC) Survey will be sent after 3 unsuccessful call attempts. The survey is sent through email. Channels such as WhatsApp and letters are not applicable.

Q418 What is DWC and the difference between Two-way SMS and DWC email?

Two-way SMS is for customer to respond to the SMS if clarification is required, and a welcome call will be made to customer; while DWC contains a unique survey link for each policy owner that did not answer our welcome calls, for them to answer survey questions online.

Q419 When will the DWC email be sent to customer?

The DWC email are sent by batch weekly, cut off at 3pm every Thursday. Hence, separate/individual DWC SMS request will not be entertained.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q420 Why Welcome Call is important to the customers?

The Welcome Call will help us understand:

- Your customer's purchase experience with you as the Sales Advisor.
- Your customer's awareness of the plan purchased, coverage, features and benefits under your policy.
- Your customer's awareness of the Terms and Conditions of their policy.
- Opportunity for your customers to clarify any concerns or questions on their policy.

Most Importantly, it safeguards you from potential complaints from customer to avoid any future disputes.

Q421 How to improve the reach out rate for Welcome Call?

Upon signing of the insurance application form, remind customer to take note of Manulife's contact number i.e. 603-2719 9112 and pick up the calls when our Customer Service team contacting them.

Reference

Refer to agency circular 118/2025 – Welcome Call Matters (22 Sept 2025)

5.5 Customer Contact Details

Q427 Why should customers update their contact details?

Most of the information sent by the company is through email and SMS. Therefore, if we do not have a reliable means of contacting you, you could be missing out on some critical personal benefits, including but not limited to:

- Receiving ePolicy through SMS promptly and securely
- Receiving statements and notices from Manulife
- Claims and policy maturity payout
- Any policy refunds or excess payment, if available
- Latest news and updates
- New product launches, campaigns or promotions information

Q428 What are the potential consequences of not updating your customer's contact information?

The impact can be serious, not limited to the followings:

- Delay in receiving ePolicy
- Longer processing time for maturity payment or refund
- Policy payment will be sent to Unclaimed Monies authority due to failure to reach out to your customer timely
- Unable to receive notification on premium information that may cause the policy to lapse and provide no protection to your customers
- Unable to receive notification on the premium information causing the policy to go on premium loan or incur penalty charges.

Q429 Not sure when your customers should update their details?

Whenever there're changes or information with us is outdated. This includes:

- Moving to a new address either home or office address
- Change of contact number

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

- Change of email address
- Change of banking details including Credit Card/Debit Card details

Customers must update their details with us to avoid delaying in payment when they make a claim or if the company need to contact them or debit their maturity amount to their bank account promptly.

5.6 Products Offered

5.8 Annual Sustainability Review

Q448 What is Annual Sustainability?

The annual sustainability review is an initiative launched by Bank Negara Malaysia in January 2020. This initiative's aim is to promote transparency and disclosure to protect the interest and account values of all investment-linked Policy Owners.

The annual sustainability statement that Company sent to customers will contain information on the expected duration of the insurance cover based on all future inflows and outflows pertaining to the account value and customers will be informed if the policy is expected

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

to be at risk of insufficient balance to pay for future charges due. For those policies that are not able to sustain until the maturity date, the statement will also indicate recommended options for customer, which are:-

- To make a regular top up premium OR
- Make a single Top-Up premium OR
- Discuss with Manulife on how we can address your customer's current insurance needs and explore options to:

- Reduce your insurance coverage; or
- Remove your unit-deducting rider(s)

Q449 Is this Annual Sustainability applicable to Universal Life policies?

Yes, the annual sustainability review involves UL policies as well, it takes effect on 1 Jan 2021.

As opposed to the Investment-Linked policies, sustainability test is only required if a UL plan no-lapse guarantee is forfeited.
For UL policies that are not able to sustain, there are three (3) recommendation actions:

- To pay the outstanding premium(s) if there is any outstanding premium due
- To make a single Top-up
- Discuss with Manulife on how we can address your customer's current insurance needs and explore alternative options available to the insurance coverage.

6.0 Claims

6.1 Claims Submission

Q516 How to submit a claim?

All types of claims together with the required documents can be submitted via *Claims Simple* our eClaims Portal. The original documents are to be submitted to the nearest branches or by mail to:

Claims Department
Manulife Insurance Berhad
12th Floor, Menara Manulife,
6, Jalan Gelenggang,
Damansara Heights,
50490 Kuala Lumpur

Q517 What are the important points to take note when submitting claims via Claims Simple?

Below are the important points to take note before submitting via *Claims Simple*:

- Use the correct form. The forms can be downloaded from Manulife public website File a Claim | Services | Manulife Malaysia
- Check the completeness of the document by referring to checklist given
- Arrange documents based on the pages accordingly before scanning
- Scan all claim documents into one file per type instead of one page per file e.g. Claimant Statement & Attending Physician Statement under one file, and receipt/invoice under another file.
- Ensure all pages are in order (good image quality and alignment)

When the documents are in ordered, it will help to reduce the total time needed to process a claim.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q518 What are the required documents when submitting the claims and where to get the form?

Different claim types require different documentations. Access link below for the required documents and other types of forms needed.
File a Claim | Services | Manulife Malaysia

Q519 How long does it take for Company to process a Claim?

For claim submission without investigation, the Company requires 5 working days to process a claim upon receiving the complete set of claims documents, while payment will be credited in 7 working days.

Q520 How does a customer check the Claim status?

Both agent and Policy Owner will receive SMS notification in the event of :

- Claim is registered
- Further documents are required
- Claim is approved and Payment is successful
- ePayment failed

Q521 For cases with the further documents needed and subsequently received by Manulife, what is the turn-around time (TAT) from the new document received until the case can be finalized?

Claims will be processed within 5 days upon receiving the complete set of documents.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

6.2 Deferment - Additional Document Required

Q522 Will there be any notification if further documents are required?

Yes. Deferment letter will be sent to both agent and Policy Owner if further documents are needed. Please note that the Document Checklist serves as a reference. The Company reserves the right to request for any other documents and information, if any.

Q523 For submission via Claims Simple which reference number to refer to if further follow-up needed with Claims Department?

Please provide the policy number and claim number (indicated on the deferment letter) when following up with Claims Department.

Q524 In what situation more than one Claimant Statement is required?

If there are more than one nominee or a claimant for Death claims, each claimant needs to complete the Claimant Statement separately to establish the claimant existence and to obtain the claimant details as indicated in the form.

6.3 Claims Investigation

Q525 If the claim is under investigation, how long will the investigation take place before the claim can be finalized?

For due diligence, there will be additional information needed e.g. Insured's regular attending doctor, authorization to release information, appointment card, medical questionnaire and etc. The duration will be subjected to the date of the complete document received and reply from the treating doctor.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q526 Are all claims that occur within 2 years from the policy inception or reinstatement date will be subjected to investigation?

Not all claims within 2 years contestable period will be investigated. The company will conduct investigation if there is any suspicious non-disclosure or pre-existing condition.

Example

If insured admitted for treatment of stroke within 6 months from the reinstatement date, claims will be subjected to further investigation.

Reference

Please refer to Insurance Library | Services | Manulife Malaysia under section Non-Disclosure on the importance of material non-disclosure.

Q527 Why does the customer need to complete the consent form for investigation case?

Personal Data Protection Act (PDPA) requires the Company to obtain customer consent before releasing any customer's information to proceed with the current claim assessment.

Q528 Why multiple consent forms are needed?

A different consent form will be needed for each report from various doctors/ clinics /hospitals. To expedite the claims process, normally an average of 5 copies of the consent forms are required.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

6.4 Claims Payment

Q529 Will there be any notification given once the claim payout?

Yes. SMS notification will be sent to both agent and Policy Owner or Nominee registered mobile number once the claim has been approved. Besides that, there will be a payment letter sent out to the corresponding address of the Policy Owner/Nominee.

Q530 If the claims cheque has been issued to the Policy Owner, can the Payee name change to someone else e.g. spouse?

This is not allowed. To expedite the claims payment, we are no longer using claim cheque and all claim payments will be transferred into the Policy Owner's account for hospital/accident/critical illness claim or nominee's account for a death claim.

Q531 Any restriction on the type of bank account that can be assigned for ePayment?

Any saving or current account issued by local bank will be accepted.

Q532 Can the claim payout credit to an overseas bank account?

No, interbank GIRO is limited to participating banks in Malaysia only.

Q533 Is joint account acceptable for claim payment?

No. Only individual bank account is acceptable.

Q534 Can a bankruptcy person eligible to receive claim payment?

The company requires Confirmation Letter from the Insolvency Department for further instruction.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q535 Please advise how Claims Department derive the approved claim amount? What are the item and amount being excluded?

Final claim payment will be subjected to benefit limit set forth under the benefit schedule. For example, if the medical plan with Co-insurance or deductible amount, it will be deducted from the payable amount, while those uncovered items e.g. vitamin, will be excluded.

All information is clearly stated under the payment letter and is available in MDM 4 working days from claim approval date, where ePayment has been successfully transferred to the customer's bank account.

Q536 Claim has been approved but the amount is yet to be credited to customer's bank account. What will be the next action?

Claims payment will be transferred to the customer's bank account within 7 working days from the approval date. However, there might be chances for ePayment to fail. Both agent and Policy Owner/Nominee will receive SMS notification under such conditions.

If ePayment is unable to go through, the Payee to submit the following documents:

- Copy of Payee's NRIC
- Bank statement which clearly indicated the bank account number, IC number, and name
- Complete and sign the new e-banking form

If documents are in order, the payment will be credited within 7-14 working days.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q537 Can Policy Owner request for the claim payment amount to pay for premium?

No. This is not allowed except for Annual Income Benefit claim where upon Policy Owner request the Company will transfer the claim amount to pay premium at policy anniversary due.

Reminder

Policy Owner is to pay premium up to-date regularly and timely to ensure that when a claim occurred the policy has been kept in force.

6.5 Appeal

Q538 What is the procedure if customer wish to appeal for reassessment on claims decision?

The customer may write-in the appeal together with the relevant supporting document for reassessment. Documents can be submitted via *Claims Simple*

Q539 What are the supporting documents needed for claim appeal?

The document(s) needed depends on the reason of appeal. Below are some of the examples:

No, Chiropractic is not coverable under Accident Indemnity Benefit.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q543 What is the minimum duration of medical/sick leaves to be claimable under Accident Indemnity claim?

The minimum duration of medical/sick leaves is 7 days for OL (Traditional policy)/IL (Investment Linked policy) and 4 days for Home Services /MDO policy.

Q544 Is accidental injury treatment at overseas reimbursable under Accident Indemnity or Personal Accident Benefit?

Yes, this is subjected to the policy terms and conditions.

Q545 Can the Accident Indemnity or Personal Accident rider claim payout be credited to an overseas bank account?

No, interbank GIRO is limited to participating banks in Malaysia only.

Q546 When is the best time for doctor to complete the medical report if customer intends to claim for Accident Indemnity Benefit? Can he/she proceed to file the claim first even further treatment may be needed?

It will be good for doctor to complete the medical report during the last consultation, in which the injury/condition is recovered. The reason behind is the details (including condition of the physical injuries, treatment given and healing progress) during each and every consultation is important to assess the claim.

If customer wish to file the claim first, we will process the claim based the condition from the documents and information submitted. Additional or latest medical report or APS from the treating doctor will be requested if customer want to claim for the further medical certificate or treatment.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q547 The employer's insurance has covered the Medical Certificates/Sick Certificates. If the insured has an Accident Indemnity rider attached to the policy in Manulife, can the insured still claim the Accident Indemnity Benefit?

Yes, this is allowed as long as the required documents have been submitted and fulfil the policy terms and conditions.

Q548 For Accident Indemnity or Personal Accident claim rider benefit, if the insured seeks traditional Chinese Medicine treatment, is it claimable?

No. This is not covered in the Accident Indemnity Benefit's terms and conditions.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

leaves thereafter for us to assess the treatment details and healing progress.

Q552 Is a police report required for an assault case for Accident Indemnity Claim?

Yes, it is a mandatory document to rule out if the insured participates in a brawl, which falls under the "RISK EXCLUDED" of the policy contract.

Q553 If the insured had an accident with the treatment given by the doctor, can he/she claim for Emergency Accidental Injury Benefit?

Yes. But the nature of the injury and treatment done must be indicated on the bill/receipt by the treating doctor. This is only applicable for a total claim of less than RM800. Otherwise, please get the treating doctor to complete the Attending Physician Statement.

Q554 Why is the Medical Certificate not paying in full as it has been given by the treating doctor?

The final claim decision will be based on the severity of the injuries and the healing progress resulting in insured's ability to carry out his/her work or occupation as per declared.

Please refer to contract provisions for *"Temporary, total, and continuous disability"* and *"Temporary, partial, and continuous disability"* for more information.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q555 If the insured went to 2 clinic(s)/Hospital(s) for treatment on the accident date and after the accident date, which clinic(s)/hospital(s) should customer obtained for the medical report?

Customer is required to submit the medical reports from both clinics & hospitals.

Q556 Will Manulife waive the Medical and Accident claim form for Emergency Accidental Injury Benefit if the claim amount is less than RM800?

No, this is one of the required documents as the claimant's details and the accident details are needed for claim assessment. Only the Attending Physician Statement will be waived, if the claim amount is less than RM800 provided the nature of the injury and treatment given have been clearly indicated on the receipts/bills by the treating doctor.

Q557 What is a physiotherapy progress report? Is there a form from Manulife to let the doctor fill-in?

No. There is no specific form for the physiotherapy progress report. The physiotherapist is required to provide the detail information about the patient's treatment and progress during each therapy.

Q558 How Company pays Medical Certificate / Accident Indemnity Claim?

If the Insured are unable to continue his/her work, or in any other occupation due to the accidental injury for a continuous period of at least 7 days, the Insured will be eligible for an accident indemnity claim.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

The final claim decision will be based on the severity of the injury. Thus, a complete set of medical report and imaging report which indicates the severity of the injury and healing progress are important in assessing the claim.

Q560 What is co-insurance?

Co-insurance is a cost-sharing arrangement between the insured and the insurer whereby the customer will need to pay a specified percentage of the cost from the eligible benefit.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q561 Will it be covered if the insured admitted for an imaging/procedure test?

No. This is not cover. If the reason for hospitalization primarily for investigatory purposes, diagnosis, X-ray examination, general physical, or due to medical examinations, this falls under "RISK EXCLUDED" and is not reimbursable.

Q562 Does the policy provide immediate coverage for hospitalization upon policy issuance?

If the hospitalization is due to accidental injuries during the policy period, there will be no waiting period and is covered upon policy issuance. However, any medical or physical conditions arising within the first 30 days of the policy issue date or reinstatement date are not covered. Besides that, there will be a 120 days waiting period for certain specified conditions. Please refer to the contract provision for the list of Specified Conditions.

Example

Policy Issue Date	01 March 2020
Accident Date	05 April 2020
Diagnosis	Nasal fracture due to motor vehicle accident and sinusitis
Claim Decision	Investigation is required as sinusitis is not caused by accident and normally is chronic in nature. Once investigation completed without finding, Company will pay accidental related charges but exclude sinusitis related charges as illness falls within the 120 days waiting period.

Q563 Can the insured stay in a room with higher charges than the daily room and board benefit?

Yes, however, he/she needs to pay the difference of amount incurred (excess Room and Board charges), and a Co-Payment if applicable.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q564 Is cataract surgery coverable for old medical plan with no outpatient benefit?

Yes, if insured admit for more than 6 hours for the outpatient surgery and with room and board charges incurred.

Q565 Is intraocular lens covered for cataract operation?

There are many types of intraocular lenses available in the market, with some of the lenses used to treat refractory error, which falls under the exclusion. To resolve cataract, the usage of a monofocal lens is a minimum medically necessary treatment, and thus we will provide coverage for monofocal lens only. If a customer wishes to use any other lens, we will reimburse the costs of the monofocal lens only.

Q566 Is the claim coverable if insured admitted to a hospital in overseas? Will it be paid on conversion?

For admission in overseas hospital, the claim reimbursement will be subjected to what is deemed to be Medically Necessary and based on the Reasonable and Customary Charges (RCC). The claim will not be paid based on conversion but referring to reasonable charges for such equivalent local treatment in Malaysia.

Besides that, the medical treatment received will not be under coverage if the insured resides or travel outside of Malaysia for more than 90 consecutive days. As such, a copy of the passport is required for overseas claim.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q567 Are Singapore and Brunei considered local or overseas treatment? Please advise which plan will cover treatment in Singapore and Brunei.

Both Singapore and Brunei are considered as overseas treatment. However, some products (e.g. ManuHealth Elite, Manulife Health Saver Benefit & Manulife Health Cover Benefit) cover treatment in Singapore and Brunei if a Covered member resides or travels under these countries for more than 90 consecutive days. But the claim will still be subjected to Reasonable and Customary Charges for such equivalent or comparable treatment in Malaysia.

Q568 What is meant by reasonable and customary charges?

Reasonable and Customary Charges means charges for medical care and services for the treatment of a Disability that does not exceed the general level of charges made by other medical care and service providers to treat the same Medically Necessary Condition on that locality.

Please refer below example to understand further:

Details	Amount
Total amount incurred for surgery A done under hospital in Singapore	S$10,000
Average charges for surgery A under hospital in Malaysia	RM12,000
Payable claim amount	RM12,000

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q569 What is an Original Official Receipt?

Original Official Receipt is the first receipt issued and printed out by the hospital at the time of payment itself. Any further receipts or copies that requested the hospital to print again are Duplicate Receipts and are not considered original receipts.

Q570 The current reinstatement guidelines waive the Application for Reinstatement Form for policy lapsed within 90 days and insured is below aged 60. Do the medical rider waiting period and 2 years contestable period apply after policy reinstated? Is operation during lapsation period claimable?

If a health declaration is waived, the 2 years contestable period will not be counted anew from the reinstatement date but all policy waiting periods will be counted anew (refreshed). Please refer to example below for the claim decision under different scenario:

a) Loss incurred within lapsation period and before the reinstatement date

Lapsation Date	01 March 2020
Reinstatement Date	28 May 2020
Loss/ Event Date	01 May 2020
Claim Decision	Reject – event during lapsed status

b) Loss incurred within grace period and before reinstatement date

Lapsation Date	01 March 2020
Reinstatement Date	28 May 2020
Loss/ Event Date	25 March 2020
Claim Decision	Pay – within grace period (premium is paid/recovered)

c) Loss incurred after reinstatement date

Lapsation Date	01 March 2020
Reinstatement Date	28 May 2020
Loss/ Event Date	01 June 2020
Claim Decision	Reject – within waiting period

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q571 What are the items that are not covered under Medical Benefit?

Below are some of the items/conditions that are excluded in our policy terms and conditions:

a) Stationaries and hospital services that are not considered medical treatment (If the medical plan with non-medical related expenses, these items will be reimbursable but subject to the limit set forth under the Benefit Schedule).

b) Plastic/cosmetic surgery, eye examination, glasses, and refraction or surgical correction of nearsightedness (Radial Keratotomy or Lasik).

c) The use or acquisition of external prosthetic appliances or devices such as artificial limbs, hearing aids, implanted pacemakers.

d) Dental treatment unless it is necessitated by accidental injuries to sound natural teeth occurring wholly during the period of insurance.

e) Any treatment or surgical operation for congenital abnormalities or deformities, including hereditary conditions.

f) Pregnancy, childbirth, miscarriage, abortion, prenatal or postnatal care, birth control, or fertility-related treatment.

g) Erectile dysfunction and tests or treatment related to impotence.

h) Investigational laboratory test falls under exclusions and serves as the purpose of reference and health screening only.

i) Preventive treatments or medicines or examinations (e.g. vitamins).

j) Psychotic, mental, or nervous disorders.

Q572 Can the insured claim the balance of medical expenses under Manulife if the customer's employer or other insurer does not fully reimburse them?

Yes. Below are the required documents for possible balance payment:

a) Medical and Accident Claimant Statement

b) Medical and Accident Attending Physician's Statement

c) Claim settlement details (indicating non-covered items, amount, and reasons) from another insurer.

d) Medical report, tax invoices, and itemized bills/detailed bills, certified by another insurer.

e) Original receipts for the balance amount.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q573 What is the difference between an invoice and itemized bill? Why Claims Department still request for itemized bill although invoice has been submitted?

The invoice summarizes all the charges, but there is no further information on the itemized breakdown amount, while itemized bill is a listing of the cost for each item charged by the hospital/ doctor. An itemized bill includes specific details on the services insured were provided, including dates and charges for each item of service.

Example

Only total pharmacy charged indicated under invoice, but unknown type of medication prescribed and its respective amount. This information is only available under the itemized bill. Customer can request for the itemized bill from the hospital, if any.

Reminder

Itemized bill is compulsory if the amount is more than RM3,500

Q574 Is Chiropractic treatment coverable under medical plans?

Generally, it is not reimbursable under majority of our medical plans as Chiropractic is considered a complementary and alternative medicine, except for products below:

- Manulife Health Saver Benefit
- Manulife Health Cover Benefit

Q575 Does your company recognize traditional treatment?

No. However, traditional Chinese treatment will be covered under Manulife Health Saver Benefit and Manulife Health Cover Benefit. We only recognize treatment providers approved and licensed by the Ministry of Health.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q576 If the customer loses the original bill and receipt, are the medical expenses claimable?

No, medical expenses incurred are on a reimbursement basis. Thus, original bills and receipts are required before payment is made. Certified true copies are not acceptable.

Q577 If the hospitalization has been covered by employer insurance and the insured has a Hospital Benefit rider attached to the policy in Manulife. Can customer claim for the Hospital Benefit under Manulife?

Yes, but subject to the policy's terms and conditions.

Q578 Can the Policy Owner request the medical claim to be paid to his wife (not the Assignee)?

No. All medical claim payments will be paid to the Policy Owner unless he/she has assigned someone as the assignee of the policy, then the Company will pay the claim to the assignee.

Q579 If the Policy Owner does not have a bank account, can the claim payable to others?

No, the claim will be paid either to the Policy Owner or assignee (if applicable) only. The Policy Owner needs to provide a personal bank account to facilitate the claim payment.

Q580 Do the medical plans cover treatments or medicines that are still under the experimental or research stage?

No, this falls under "RISK EXCLUDED" and is not reimbursable.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q581 Can the insured admit to the hospital for investigation purposes?

Insured may be admitted, however hospitalization for investigatory purposes falls under "RISK EXCLUDED" and is not covered.

Q582 Why medical report fee is not payable when submitting follow-up claim for pre or post-hospitalization benefit?

For follow-up cases (pre or post-hospitalization claim), we will review based on the claim history, and thus no medical report fees shall be incurred.

Q583 During admission, there are 2 doctors involved. However, one of the claims is rejected for doctor charges due to different treatment from the initial admission diagnosis. Why is the treatment cost not covered?

Under such conditions, customers need to provide a report from both treating doctors for further review e.g. reason of referral. Any investigatory test or charges which is not medically necessary or not related to the admission diagnosis are not reimbursable.

Q584 What are the charges coverable under non-medical related expenses?

Usually, there will be some non-medical related charges e.g., medical record fees or registration fee, insurance report, admission kits and etc. incurred during hospitalization. All these charges will be covered under the non-medical related expenses but subjected to the limit set forth under the Benefit Schedule.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q585 Will there be any breakdown or details given for the claim payment approved recently?

Payment letter will be issued once claim has been approved. Information including total reimbursement amount and uncovered item will be stated under the letter. Agent can get this letter from MDM as well.

Q586 Can the insured visit a different clinic/hospital for follow-up?

To be entitled to post-hospitalization benefit, it must be treated by the same hospital physician. If there is a need to consult doctors other than the admitting hospital physician, please provide a referral letter for our further review.

Q587 What is the waiting period for the medical card policy?

For medical card policy, there will be 30 days and 120 days waiting period as per below:

I. 30 days waiting period

Any medical or physical conditions arising within the first 30 days of the issue date or reinstatement, whichever is later, except for accidental injuries.

II. 120 days waiting period

Specified illness occurring within 120 days from the issue date or reinstatement, whichever is later. Specified illnesses include:

6.6.3 Death Claims

Q590 What are the common requirements for Death Claims?

The required documents for the Death Claim include:

- Claimant Statement
- Attending Physician Statement
- A certified true copy of Death Certificate
- Copy of NRIC of claimant/ nominee/ assignee and deceased
- Proof of relationship (e.g., birth cert, married cert, if no nomination)
- Request for Medical Report and Authorization to Release Information

The forms are available at Manulife public website, Forms Library

Reminder

For details of certified true copy document, please refer below :

Claim Documents	Individuals who can certify the document
All types of claim documents	Agency Manager/ Branch Officer/ Authorities/ Public Notary
All other related and relevant documents issued by Foreign Authority	Malaysian Embassy or a Public Notary

Q591 What is the suicide clause?

This clause stipulates that no claim is payable in the event of death due to suicide, whether sane or insane, within 13 months from the inception of the policy or the date of any reinstatement.

Q592 Who must sign in the claimant statement if the policy has few nominees?

All adult nominees above age of 18 must complete and sign the claimant's statement.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q593 How is a death benefit paid?

The death benefit is paid to the person nominated by the Policy Owner. In the case where no person is nominated, the death benefit will be paid according to the Financial Services Act 2013, where Company will release payment to lawful executor or administrator of his estate. Please provide Letter of Administration or Grant of Probate if there is no nomination. Alternatively, next of kin may reach out to Malaysia Public Trustee, Amanah Raya for other solution.

Depending on the surviving family members, there are circumstances where the payment may be released when Company is satisfied that there is no lawful executor/administrator at the time of payment.

Please refer below for details:

Any surviving Family Members? (e.g. Spouse/Children/Parents)	Claim Payment
Yes	Paid to Spouse, children and parents in accordance with Section 6 of the Distribution Act 1958.
No	1. If the policy money is RM100k or less, it will be paid to person who can satisfy Manulife that he is (i) entitled to the property of deceased under his will or under the law relating to the disposition of property, OR (ii) he is named the executor in the Will; OR (iii) he has consent of all lawful beneficiaries to be the administrator of the estate of the deceased. 2. When the policy moneys exceed RM100k. Company may pay to the person referred to in subparagraph (1.) above and pay the balance of the policy moneys to the lawful executor / administrator of the estate of the deceased Policy Owner. It also means when person claiming for balance must show proof that he/she is the lawful executor/administrator by furnishing the Grant of Probate or Letter of Administration.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q594 If the insured passed away in a foreign country, what documents must be submitted for death claim?

All related and relevant documents issued by Foreign Authority e.g., Death certificates, medical reports, JPN confirmation letter, certified true copy of Embarkment Certificate issued by Transportation Means (if body/ ashes brought to Malaysia), certified true copy passport of deceased are required.

Reminder

For details of certified true copy document, please refer below :

Claim Documents	Individuals who can certify the document
All types of claim documents	Agency Manager/ Branch Officer/ Authorities/ Public Notary
All other related and relevant documents issued by Foreign Authority	Malaysian Embassy or a Public Notary

Q595 If the policy has a trustee and nominee appointed. In the event of a death claim, the death shall be payable to whom? Nominee or Trustee appointed?

The claim will be paid to the trustee.

Q596 If the nominee is a minor below the age of 18 (son/daughter), and no trustee is appointed. In the event if the Insured died, the death proceeds should be payable to Public Trustee or the surviving parent?

The claim will be paid to the surviving parent or legal guardian under such conditions, and the claimant needs to provide documentary proof of this legal guardianship.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q597 If the Nominee or the next of kin have no Malaysia bank account, how does Company release the claim payment?

If the claimant is a foreigner without a local bank account, Company may consider a Draft or payment via the Telegraphic Transfer (TT) method, if applicable. If the claimant is a Malaysian and resides overseas without local bank account, Bank Draft will be issued.

Q598 If the Policy Owner died and the nominee also passed away, the claim will be payable to whom?

It depends on who is pre-deceased, and different conditions will have different claim decisions. Below are some of the different scenario:

a) If the Policy Owner passed away first then followed by the nominee, the claim will be paid to the nominee's estate.

b) If the nominee passed away first then followed by the Policy Owner, the claim would be paid to the Policy Owner 's estate.

c) If the nominee passed away and Policy Owner still alive, Policy Owner can proceed to change the nominee by submitting Request for Change form.

d) If both Policy Owner and nominee passed away at the same incidence, the claim would be paid to the estate of the one who is younger in age.

Q599 For the death claim of juvenile policy, if both parents (the owner and nominee) have died, can the proceed payable to the legal guardians i.e., grandparents?

Yes. Provided there is legal documentation, and the legal guardian is an executor to the children.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q600 Will the customer get paid for the death benefit of her husband's policy even though she is not the nominee but his legal wife (the current nominee is the insured's mother)?

No. Based on Financial Services Act, we must release the proceed to nominee only.

Q601 Why can't customers get the insurance money and settle the bank loan directly?

Mortgage Master Policy belongs to the bank, so any payment made should direct to the bank instead of paying to the next of kin. If there is any balance amount after loan settlement, the customer needs to deal with the bank directly.

Q602 If the customer dies before the insurer pays out the claim proceeds and the bank has frozen the account, what is the claims payout arrangement?

All monies due to a Policy Owner in the event of his death will go to the administrators of his estate or the nominees named in the policy.

Q603 Will the Company refund any excess premium paid upon Death Claim approval?

For Ordinary Policy, Company will deduct any premium due and unpaid at the date of death for the full policy year from the claim proceeds. For Investment Linked and Universal Life Policy, there will be no refund but to invest into policy fund.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q604 Why is a Police report required for accidental death claims?

The claim is only payable if the insured's death is due to an accident for the accidental death benefit. In addition to that, to ensure that the injury or loss is not caused by suicide (whether sane or insane), substance abuse, or accident occurring while Insured is affected by alcohol which is not under cover. The police report is one of the documents that help to prove that the accidental death is genuine, and thus it is required when submitting an accidental death claim.

Q605 Is post-mortem mandatory for Accidental Death Claim?

Yes. Post-mortem performed under the request of police only or forensic doctor.

Q606 Is death claim payable if the Policy Owner commits suicide or killed by somebody?

No claim will be payable if the covered member passed away due to suicide within 13 months from the inception of the policy or date of any reinstatement. While for murdered case, claimant may submit the required documents for further review.

Q607 For medical policy without a life plan, if the Policy Owner passed away, can the spouse and children rider under the medical plan be continued?

This is allowed if the policy with conversion privilege, but the customer needs to submit the request within 3 months from the termination date of existing coverage and has not exceeded the maximum entry age of the new hospital and surgical plan. The old rider will be cancelled and convert it to the new policy.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Same policy terms and conditions will be applied under such circumstances, and the waiting period will be waived under the new policy.

Reminder

Please refer to policy terms and condition for *"Conversion Privilege of Dependent".*

Q620 What is Preferred Hospital?

These preferred hospitals are appointed by Manulife Insurance Berhad which allow our medical card holders to enjoy the following benefits:

- Special rates on health screening packages and other value-added services
- Upgrade of room & board, subject to availability at selected preferred hospitals
- Free/Flat parking rates at selected preferred hospitals
- Cashless facility for post-hospitalisation, day care procedure and outpatient cancer treatment (exclude MHSE RM500 deductible)

You may refer to the preferred hospital listing Services | Hospitals | Preferred Hospitals (manulife.com.my)

Reminder

The benefits may differ from one preferred hospital to another, and may be updated from time to time. Please check with the hospital's concierge on the benefits, and terms and conditions related to the benefits offered by them.

Q621 Why is it taking so long to issue the Guarantee Letter?

Below are some of the scenario longer time will be needed when issuing the GL:

a) Incomplete necessary documents provided to MiCare e.g.: unclear handwriting, incomplete documentation, clarification on medical condition and treatments and etc.

b) Further clarification with the hospital and doctor is needed e.g., test and treatment not related to the covered condition, unreasonable cost charged, cost not as per the MOH guidelines, etc.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q622 Why is the Guarantee Letter declined? What is the reason?

Below are some of the common reasons for GL being rejected:

a) Further information is needed to rule out pre-existing conditions
b) Early claim which is within the policy contestability period
c) Conditions fall under policy exclusion/ individual policy exclusion
d) The policy has lapsed or terminated, or the lifetime limit exhausted
e) Hospitalization for investigatory purpose
f) Treatment can be managed at outpatient, and hospitalization is not required
g) No outpatient benefit (for day care GL)

Q623 Will Guarantee Letter be rejected when the due date under a grace period, but the FPX billing cycle only arrange early next month?

No. Normally Guarantee Letter will be approved under this scenario.

Q624 Can the customer use the medical card while he/she is overseas?

No. Cashless facility only available at our panel hospitals which has direct agreement with our Third Party Administrator, MiCare Sdn Bhd. Customers may file a claim once returning to Malaysia. The claim will be assessed in accordance with the terms and conditions of the policy contract.

Q625 Why do some hospitals require a deposit under the panels?

Some hospitals required a minimum deposit for non-medical related expenses or excess charges or fees, which may not be payable under the policy benefits.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q626 Can customer use the medical card if admitted to a non-panel hospital?

No. Medical card is only applicable for panel hospitals in Malaysia. Customers are required to pay first and file a claim with us. The final claim decision will be subjected to policy terms and conditions.

Q627 For an early generation of medical cards, can customer request for Guarantee Letter if he/she needs to be admitted for a Cataract operation?

Normally, the Guarantee Letter will be rejected as treatment can be done at outpatient and early generations of medical benefits without Outpatient benefits (Day surgery benefit).

Q628 What is the next course of action for the Pay and File claim after the Guarantee Letter declines?

Agent to submit the relevant claim documents to us via *Claims Simple* first and follow by sending the original documents to our branches, front desk, or head office.

The forms are available at Manulife public website, Forms Library

6.9 Auto-HB

Q630 What is Auto-HB?

Effective 6th September 2024, eligible customers will benefit from the automatic processing of Hospitalisation Benefit ("Auto-HB") claim following the issuance of the hospitalisation FGL. Previously, customers were required to submit a claim for HB after utilising the GL facility.

With the introduction of Auto-HB, the HB claim will be automatically processed, eliminating the need for customers to submit a claim after utilizing the GL for hospitalisation.

Important Notes

Ensure customer's e-Payment information is updated in the Manulife system for prompt payment, to avoid a claim requirement requesting this information from the customer.

Q631 Is all the HB plan eligible for Auto-HB?

Q632 What are the eligibility criteria for Auto-HB?

To be eligible for Auto-HB after receiving a hospitalisation FGL, the customer must: -

1. Have an active and inforce HB plan and policy when the FGL is issued.
2. Have an active HB plan during hospitalisation, i.e., the hospitalisation occurred before the HB plan maturity date.
3. Have the hospitalisation event incurred after 30-day waiting period from the HB plan's effective date or reinstatement date, whichever the later.
4. Not have the hospitalisation event excluded from the HB plan.
5. Not have received a previous HB claim payment for the hospitalisation event.
6. Have updated e-Payment information with Manulife.

Please note that the auto-HB claim will not be processed if the customer fails to meet the above criteria. Additionally, the auto-HB claim is not available if investigation of the policy with HB plan is required.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q633 Is the customer eligible for Auto-HB if the customer was discharged before 6th September 2024 but the hospitalisation FGL was only issued on and after 6th September 2024?

Yes, the customer is eligible for Auto-HB if the FGL was issued on and after 6th September 2024, even if the customer was discharged earlier.

Q634 Is Auto-HB applicable for Initial Guarantee Letter (IGL)?

Auto-HB is only applicable for Hospitalisation FGL. It will not be processed for IGL. GLs issued for post-hospitalisation follow-up and outpatient treatments are not eligible for Auto-HB.

Q635 What would happen if the customer submitted an HB claim after the Auto-HB claim had been approved?

The customer's HB claim submitted after the Auto-HB claim had been approved will be closed.

Q636 What would happen if the customer submitted an HB claim before the issuance of the hospitalisation FGL?

The Claim Department will assess the HB claim submitted by the customer. If the HB claim submitted by the customer is approved, auto-HB Claim will not be approved.

Q637 What SMS would the customer receive for Auto-HB?

The customer eligible for Auto-HB claim will receive a claim payment approval SMS. A SMS for claim requirement will be triggered if e-Payment information in the Manulife system is unavailable for eligible customers.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q638 The customer's medical plan and HB plan are under different policies. Is the customer eligible for Auto-HB?

Yes, the customer is eligible for Auto-HB if the eligibility criteria stated above are met. However, the Auto-HB claim will not be processed if further investigation is required for the policy with the HB plan due to the contestable period.

Q639 If the customer has more than one HB plan under the same policies, is the customer eligible for Auto-HB?

The customer is eligible for Auto-HB if the eligibility criteria stated above are met. However, Auto-HB will only be approved for the HB plan meeting the eligible criteria. For HB plans not meeting the eligible criteria, Auto-HB will not be processed. The Auto-HB claim will not be processed if further investigation is required for the policy with the HB plan due to the contestable period.

Q640 How much claim payment will customer received once the claim is approved?

All claims are paid based on the Policy's terms and conditions. Reimbursable amount and excluded amount will be stated clearly in the payment letter. Customer to review the Policy provision and condition as stated under the Benefit Schedule, understand what coverage purchased and how it applies to the particular claim.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q641 If the policy has lapsed during the claim submission, the claims happened when the policy is still in force. Are the claims still eligible?

As long as the loss incurred happens while policy in force and fulfill the terms and condition of the policy, the claim will be paid.

Q642 Can customers claim for all sickness?

No. If the sickness falls under policy exclusion or not fulfil the contract provision, it is inadmissible.

Q643 How much can a customer claim from a bill incurred?

It depends on the type of benefit that customer wish to claim and the benefit limit stated under the policy contract. The final claim decision will be subjected to policy terms and conditions.

Q644 Does the Company pay for the cost of the medical report?

No, unless the medical plan has non-medical related expenses and is subject to the benefit limit set forth under the Benefit Schedule.

Q645 Do company require the Policy Contract to be returned upon Death/Critical Illness/TPD/Dismemberment claim ?

Policy Owner is not required to submit policy contract during claim submission. However, Company reserves the right to call for policy contract whenever required.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q646 If the policy still has many months outstanding premium, can the customer pay one month first while he/she needs to admit for surgery operation next month?

It is advisable to pay the premium timely to make sure the policy is in force. GL or claims will be rejected if the loss occurred while the policy has lapsed.

Q647 What is contestable period?

It is a provision that specifies a time limit (usually 2 years from the issued date or any reinstatement date) on the insurer's right to dispute the validity of a policy based on material disclosure during the application for assurance.

Q648 What is material non-disclosure?

Material Non-disclosure means failure to disclose a relevant fact when applying for an insurance policy. This is a violation of the principle of good faith which should be observed in insurance negotiations. A claim might not be awarded if the company has proof of an insured's non-disclosure.

Q649 What are pre-existing conditions (PEC)? Do your Company cover for PEC?

Pre-existing conditions shall mean disabilities that the Covered Member has a reasonable knowledge of a pre-existing condition where the condition is one for which:-

a) the Covered Member had received or is receiving treatment
b) medical advice, diagnosis, care, or treatment has been recommended.
c) clear and distinct symptoms are or were evident; or
d) its existence would have been apparent to a reasonable person in the circumstances.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Reminder

Generally, PEC is not under coverage unless declared in the insurance application form and accepted by the Company. The condition must not fall under the *general exclusion* clause.

Please refer below for the some of the examples:

Scenario A

Information declared at application	Hypertension and on medication
Underwriting Decision	Standard
Claim Reason	Hypertensive urgency
Claim Decision	Paid; the illness declared in application form and accepted by the Company

Scenario B

Underwriting Decision	Exclude "Gastritis, gastric ulcer & its complications"
Claim Reason	Gastritis
Claim Decision	Rejected; the illness is specifically under exclusion

Scenario C

Information declared at application	Scuba diving occasionally
Underwriting Decision	Standard
Claim Reason	Injury during scuba diving
Claim Decision	Rejected; Hazardous activity falls under general exclusion clause.

Q650 What is waiting period?

The different benefits will have a different waiting period, please refer to the contract provision for details. In terms of claim payment, the loss will not be covered if it happens during the waiting period. The waiting period of illnesses or specified illnesses shall commence from the issue date or any reinstatement date of the existing policy, whichever is later.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q651 How does the waiting period or incontestable period affect the claim when the policy just reinstated?

The waiting period or contestable period will be refreshed from the reinstatement date. If there is any claim that occurred during the waiting period, it is not reimbursable. While for the contestable period, we will conduct investigation if there is presence of a chronic condition.

Example

Policy Issue Date	01 March 2016
Reinstatement Date	01 March 2020
Accident Date	05 April 2020
Diagnosis	Nasal fracture due to motor vehicle accident and sinusitis
Claim Decision	Case will be subjected to investigation as sinusitis is not caused by accident and normally is chronic in nature. Once investigation completed with no finding, Company will pay accidental related charges but exclude sinusitis related charges as illness falls within 120 days waiting period.

Q652 What is the difference between auto reinstatement and waive reinstatement? How does it affect the claim decision?

Health declaration is not required for both. For auto reinstatement, the waiting period will be counted anew from the reinstatement date. For waived reinstatement, the waiting period is not applicable.

Please refer to example below for the claim decision under different scenario:

a) Auto reinstatement

Lapsation Date	01 March 2020

6.11 MHSE Guaranteed Conversion Campaign FAQ

Q658 How does the cashless facility under the MHSE plan with a RM500 deductible differ from other MHSE plans with different deductibles?

For the MHSE plan with a RM500 deductible, the initial two-year period during which the Guarantee Letter (GL) facility is not available at panel hospitals begins from the MHSE policy issuance date, regardless of whether the policy is a conversion or a new business.

Q659 What happens to claims in progress during conversion?

Claims initiated before MHSE conversion will be processed under the original /existing medical card's terms. MHSE will not retroactively cover these claims.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q660 What happens if customer pre-arranged an admission with panel hospitals during the MHSE conversion?

If hospital admission is pre-arranged before the MHSE conversion is completed, the claim — including post-hospitalisation benefits — will be processed under original / existing medical card.

Q661 Will the MHSE's Annual Limit (AL) be reduced by the same amount approved under the existing medical plan?

Yes, the MHSE Annual Limit will be reduced by claims approved under your existing medical plan, based on the rider year.

Refer the following illustration:

Policy Anniversary: 1 January
Claim Approved: 1 March, amounting to RM10,000
Date of Conversion to MHSE: 1 May
Upon conversion, the MHSE Annual Limit will be reduced by RM10,000 and will reset again on the following 1 January.

Q662 Customer admitted under existing medical card, can customer claim pre / post-hospitalisation under MHSE?

The pre/ post-hospitalisation claims will follow the benefit limits and terms of your existing plan.

Q663 What happens if the cancer remission date is after the MHSE conversion? Will I be entitled to claim for Follow-Up Care Upon Cancer Remission?

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Yes, you will be entitled to claim for Follow-Up Care Upon Cancer Remission, provided the remission and follow-up care fall within the coverage terms of your MHSE policy.

Q664 If the cancer remission date is confirmed while the customer is on their existing medical plan, can they submit claims for Follow-Up Care expenses incurred after converting to the MHSE?

Yes, customer will be entitled to claim for Follow-Up Care as part of the Post-Remission Cancer, provided the remission and follow-up care fall within the coverage terms of your MHSE policy.

Q665 How is the limit of two Follow-Up Care Upon Cancer Remission sessions per year determined? If I have a PET scan and a blood test on different days, does that count as two sessions?

Yes, it will count as two sessions. The determination is based on the date of each screening test / diagnostic test / consultation follow up.

Q666 Customer owns a single medical card and hospital expenses exceed MHSE Deductible Plan RM10,000. How does High Deductible work?

We will pay the balance amount after the maximum Deductible accumulated paid by the customer.

E.g., Medical plan with HD RM10,000
Eligible Amount = RM21,000
Customer to pay RM10,000 to the hospital. We will pay the balance RM11,000
(Note: amount payable is based on eligible Annual Limit amount)

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.

Q667 Customer owns a single medical card MHSE Deductible RM10,000. Customer first hospital admission has accumulated the maximum deductible amount RM10,000. Can customer claim for second admission?

If the first admission has accumulated the maximum deductible RM10,000, second claim within the rider will pay the incurred expenses based on the eligible amount.

Q668 Customer owns 2 medical cards, one of which is MHSE Deductible RM20,000. Customer admission bills covered by another insurer / Takaful Operator. How does this high deductible work for both medical cards?

Customer may file a claim for reimbursement. Please update Manulife with all hospitalisation costs incurred by submitting the following:

(a) settlement letter from the insurer / Takaful Operator
(b) medical report with a copy of the receipts
(c) itemised bills
(d) Other related requirements

Once the deductible amount is zero within same rider year, customer can utilise MHSE Deductible RM20,000 for next admission within same rider year.

For Internal Staff and Agent training Use Only. Strictly not for Public Distribution.
